

# Inclement Weather Policy

A good rule of thumb:

- **If your city's public school system is closed as well as the county government, classes will be canceled for that evening.**
- **If there is only a school delay, classes will still be held.**

X Factor will send out an email notice notifying you if class is canceled. We will try our best to keep our classes going! If classes are canceled, we will make up the class at the end of the session. Below is more information regarding city closings. Please shoot us an email if you have any questions. Stay safe!
